15-25%

Cost Reduction

200+

Projects Completed

50+

MSME Clients

ZED/ISO

Certified Units

Comprehensive Service Matrix

Four pillars of excellence designed specifically for Hosiery MSMEs

Technical & Production Consultancy

Core manufacturing process optimization for efficiency and quality

Plant Layout & Modernization

Optimize your manufacturing floor for maximum efficiency

- Efficient floor plan design
- Material flow optimization
- Transition to computerized knitting
- Circular & flat knitting machines

Process Optimization

Standardize your production cycle for consistent quality

- Knitting-Dyeing-Finishing cycles
- Lead time reduction
- Defect minimization
- Quality standardization

15-25% Cost Reduction

Machinery Selection & Sourcing

Right equipment within MSME budgets

- High-speed knitting machines
- Linkers & specialized equipment
- Relax dryers & compactors
- Budget-friendly solutions

Lean Manufacturing & Waste Management

Minimize waste, maximize profitability

- Lean techniques implementation
- Yarn wastage reduction
- Optimal fabric cutting (nesting)
- Zero-defect production

Industry 4.0 / IoT Integration

Real-time monitoring for modern manufacturing

- Digital production monitoring
- Knitting efficiency tracking
- Automated quality control
- Data-driven decision making

Smart Factory Solutions

✓ Quality Control & Compliance

Essential for export markets and organized retail partnerships

Testing Services Setup

In-house and third-party testing facilitation

- Mini-lab setup guidance

ZED/ISO Certification

Zero Defect, Zero Effect certification support

- ZED certification guidance

- Colorfastness testing
- GSM & shrinkage analysis
- pH level monitoring

- ISO standards implementation
- BIS compliance
- Government incentive access

Enhanced Brand Trust

OEKO-TEX Certification

Chemical safety standards for global markets

- OEKO-TEX 100 guidance
- Chemical safety protocols
- Export market access
- International compliance

Social Compliance Audits

Prepare for international sourcing requirements

- BSCI audit preparation
- Sedex compliance
- Labor standards implementation
- International apparel sourcing

Financial & Government Scheme Advisory

Access subsidies, credit facilities, and government support programs

DPR Preparation

Detailed Project Reports for funding

- Bank loan applications
- Venture capital proposals
- Financial projections
- Business viability reports

ATUFS Subsidy Support

Amended Technology Upgradation Fund Scheme

- Capital subsidy applications
- Machinery investment support
- Technology upgradation funds
- Government scheme navigation

Subsidy Access

PM MITRA & Cluster Development

Join textile clusters for shared facilities

- Cluster membership assistance
- Common Facility Centers access
- Shared infrastructure benefits
- Collaborative growth

CLCSS & Payment Recovery

Credit-linked subsidies and dues recovery

- CLCSS application support
- Technology induction subsidies
- MSME Samadhaan filings
- Delayed payment recovery

Market Expansion & Digital Transformation

Shift from low-margin to high-margin goods through strategic positioning

B2B/B2C Digital Onboarding

Transition to digital commerce platforms

- IndiaMART listing support
- Amazon Global setup
- Government e-Marketplace (GeM)
- E-commerce strategy

Product Mix Optimization

Strategic shift to high-value products

- Move beyond basic innerwear
- Activewear development
- Technical textiles (compression)
- Sustainable product lines

High-Margin Growth

Export Consultancy

Navigate international trade opportunities

- IEC (Import-Export Code) support
- Duty Drawback scheme guidance

Sustainable Textile Solutions

Eco-friendly product development

- Bamboo-blend hosiery
- Organic cotton products
- Recycled fiber integration

- Bharat Tex participation
- International buyer connections

- Green manufacturing practices
